DISCO VET - Digitally Signed Credentials and Open Badges in VET and HE

**Izmenjava dobrih praks ravnateljev in direktorjev višjih strokovnih šol
January, 19th 2023 Ljubljana, Slovenia**

The project

Erasmus+ KA2 Cooperation for innovation and exchange of good practices

Budget: 263.265 €

Duration: 36 months

Coordinator: Budapest University of Technology and Economics (BME), Hungary

Partners

Co-funded by the
Erasmus+ Programme
of the European Union

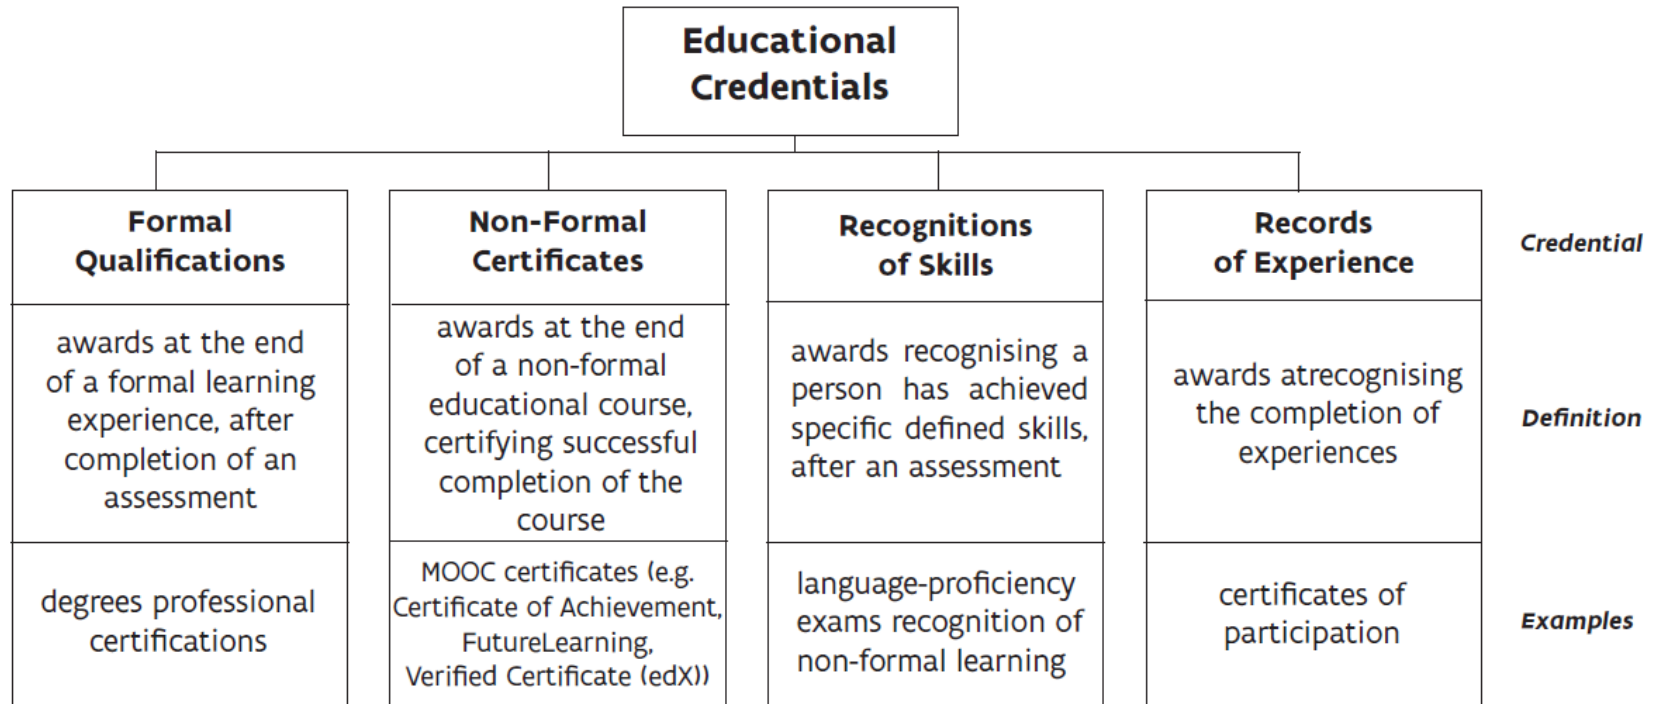

Context

The COVID-19 pandemic lockdown crisis has shown that both the **content** and the **methodological part of online education** could be faster and better adapted to **certify and recognize learning achievements** made online.

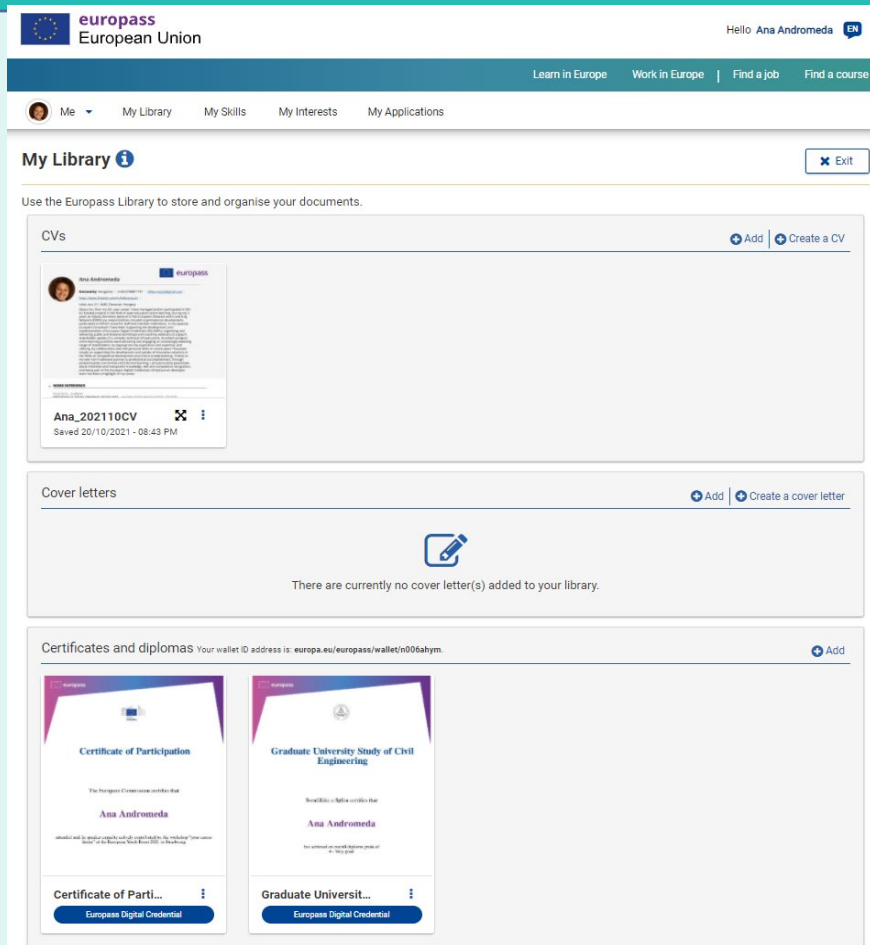

Context

Types of Educational Credentials (Camilleri and Rampelt, 2018, p. 7)

Project objectives

The DISCO VET project aims:

- to come up with a **course data structure and digital credential content typology** based on current European and national specifications and standards
- grid of **extra metatada** enables a better mapping and manageability of their badges/credentials for VET, HE, and CPD institutions.
- to develop an **open-source sample displayer** platform

Project results

REPORT Skills and practices on open badges and digitally signed credentials in VET: partner countries and EU

30 HOURS MULTIMEDIA COURSE FOR ISSUERS

MULTIMEDIA LESSONS LEARNED KIT

Report: Recommendations

Limit course duration to 30-40 hours

Provide flexible and adaptable content

Clearly indicate the time required for each module, unit and sub-unit

Use stories and case studies, videos, and podcasts that can be adapted to different country contexts

Use best practices for designing, issuing, awarding and recognising credentials

Descriptors to ensure better mapping and manageability of their badges/credentials

Emphasise learning benefits including the potential for increased employability

Multimedia course for issuers
